Pradhaan Sethi Phillip is a multi-disciplinary firm with experience in the fields of architecture, interior design and graphic design. The firm is dedicated to developing well designed and creative solutions for residential, commercial and institutional projects. We believe in working with a team of qualified specialists, tailored to the need of each project, that will allow the firm to handle a range of projects while guaranteeing personal attention to every detail

The firm is currently involved in projects in the following sectors-

- Township projects
- Hospitality segment
- Corporate interiors
- Residential building & interiors
- Low cost housing

The principals of the firms come from similar academic backgrounds but with a wide range of experience over the last 15 years with projects ranging from Resorts, Corporate Interiors, high-end Residential Interiors, Housing and Urban development.

The Practice lays emphasis on design solutions that are relevant to their context, as well as to international trends that amply serve their functions and are aesthetically pleasing. The aim is to develop sound and clear solution that satisfy various requirements from the client's vantage points as well as the inhabitants needs, and remain as a positive contribution to the built environment.
